Comments by Mr Metso (Lecturer)

To be or Not to be-That is the answer

Mr. Jerry Mofokeng, an internationally acclaimed producer and director in film industry, gave a seasoned public lecture to the Communication Science department students. His presence was a success. He unpacked the journey of his life and collaborated it in an academic lecture that instilled hope to the students. The primary mission was to motivate the students and that initiative was greatly absorbed. The lecture was informative and electrifying.

We look forward to having more public lectures to benefit our students so that they may be able to relate theory taught in the classroom to practicals demonstrated in the industries hence pragmatic.
